CONTENTS OF VOLUME 24—*Continued.*

125. Return to an order of the Senate dated 18th January, 1911, showing —

1. In 1884, did a federal statute (47 Vict., ch. 78) confirm the legal existence of the Quebec Bridge Company?

2. In 1901, did not another federal statute (1 Edward VII, ch. 81), give birth to a company known as "The Quebec Terminal and Railway Company"?

3. In 1903, after having been, for two years, completely distinct from one another, did not the two above-mentioned companies amalgamate, constituting a new company, to which a federal statute (3 Edward VII, ch. 177) gave the name of "The Quebec Bridge and Railway Company"?

4. Was it not during the same year 1903, that were signed between the Quebec Bridge and Railway Company, the agreements which gave to the government the power to substitute itself to the bridge company and to complete at a certain date the colossal enterprise of the construction of a bridge over the St. Lawrence near Quebec?

5. Was not this substitution of the government to a private company confirmed by federal legislation in 1908 at the time of the adoption by parliament of chapter 59 of 7-8 Edward VII?

6. Under the said legislation, has the government passed an order in council enacting that it take hold of the whole of the undertaking, assets, properties and concessions of the said Quebec Bridge and Railway Company?

7. When was this order in council passed?

8. What composes the whole of the undertaking, assets, properties and concessions of the said company mentioned in the laws?

9. Has any part of the said whole of the undertaking, assets, properties and concessions of the company been transferred to the Grand Trunk Pacific Railway Company, or to the National Transcontinental Commission?

10. What was the part so transferred?

11. Does it comprise the bridge or some of the railway lines from the bridge and ending at the city of Quebec or at some place on the line of the Canadian Pacific railway, on the north, and of the Grand Trunk railway on the south of the river?

12. Are not the construction of the bridge and of the railway lines from the bridge, north and south of the St. Lawrence river, under the exclusive jurisdiction of the government who have kept the entire control thereof? Presented 14th February, 1911.—*Hon. Mr. Landry*.. .. ..*Not printed.*

Labourers at City Post Offices.

AUDIT OFFICE, OTTAWA, February 25, 1910.

SIR,—With reference to the large monthly charges in connection with several of the city post offices for the wages of labourers, I should like to be informed under what authority these employees have been appointed. The Post Office Act provides for various offices or positions in the Post Office, outside service, to which appointments may be made, but I do not find any mention of labourers. Are all the employees whose names appear on the monthly paylists under the heading 'labourers' employed exclusively at what is generally known as manual labour? Do you insist on any literary or educational examination as a test of fitness for the position of labourer?

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, March 10, 1910

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ultimo, calling attention to the employment of labourers at several of the city post offices and making inquiry as to the duties assigned to such employees and the requirements as regards fitness for the position of labourer.

In reply, I have to say some of these employees designated as labourers are engaged in clerical work while others are employed as letter carriers, porters, stampers and sorters. For work of this description, young, active men are required, and the experience of the department has been that a sufficient number of persons having the necessary qualifications who have passed the examination for entrance to the Civil Service, cannot be obtained. In many cases, young men after passing this examination, refuse employment in the post office on account of the low scale of salaries paid, and consequently the department has to find suitable persons outside of those that are eligible under the Civil Service Act. Such employees cannot be employed by order in council nor paid from the salary vote and therefore have to be classified as labourers and paid by the day out of the amount voted to cover miscellaneous expenditure.

It will be observed that a great many of the persons who appear as labourers on the city post office paylist are, after a short service, appointed to the permanent list under the provisions of the Act of 1902, which admits of the appointment of letter carriers on a special examination given by the postmaster. In such cases as these it is often found desirable to employ men temporarily so that the department can judge of their fitness for the duties to be assigned to them before asking the authority of an order in council which is necessary to place them on the permanent list

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, March 21, 1910.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th instant, in explanation of the employment, in connection with certain city post offices, of persons designated on the paylists as labourers, but who are really engaged at clerical or other work for appointment to which positions the Post Office Act or the Civil Service Act provides.

It seems to me the department has not authority to make appointments either contrary to the law or outside of it, and I shall be obliged if you will point out to me where the Postmaster General or his deputy is empowered to employ the labourers in question on the conditions and under the circumstances stated in your letter.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, April 29, 1910.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st ultimo, with further reference to the employment at city post offices of persons designated as labourers who are engaged at clerical work. You state that in your opinion the department is not authorized to make appointments either contrary to the law or outside of it and ask wherein the Postmaster General or his deputy is empowered to employ the labourers in question.

In reply, I have to say that the practice of making such appointments has prevailed for the last ten or twelve years in the department and that such appointments are made exclusively by the Postmaster General, no such authority being claimed nor exercised by the deputy.

As stated in my letter of the 10th ultimo, this department has found it impossible to obtain a sufficient number of persons legally qualified for appointment under the Civil Service Act and has therefore no alternative but to secure the help required for carrying on the service by employing young men and paying them by the day as labourers.

You state in your letter that provision is made in the Post Office Act or Civil Service Act for appointment of persons required for clerical work, but I am not able to find that either of these Acts authorize the appointment of clerks who have not passed the Civil Service examination. The Post Office Act of 1902 provides for the appointment of employees in the lower grades by order in council at a per diem rate of pay, but not for the appointment of post office clerks.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

Re Post Office Revenue.

AUDIT OFFICE, OTTAWA, November 27, 1909.

SIR,—In auditing revenue it is of the first importance to determine that all the revenue that is collected is accounted for, and as promptly as it should.

In connection with the postmasters' accounts this point is rendered more difficult to determine as they are allowed to retain funds to meet money orders, &c., of which they have been advised.

As the Postmasters' returns are not furnished to this office, the only information we have is from the inspectors' returns. As these returns only cover the period from the date of the pastmaster's last return to the date of the inspection, generally only a few days, no very definite conclusions can be arrived at.

The inspector is instructed, when he finds a postmaster withholding cash in excess of the special revenue authorized, and the amount required to cover advices, &c. (money orders principally), to cause him to deposit or remit at once the surplus cash.

Judging from an examination of the inspectors' returns, I am not satisfied that they attend to this regulation as closely as they should.

In some few cases it is noted that deposits or remittances are not made as promptly as they should, and that the postmaster has been warned, but it is not stated that he has deposited his surplus cash.

In many cases the inspector reports that the regulation is observed, when the figures of the return scarcely bear out that conclusion.

I have to request you to inquire into this question, and if you find it necessary, that you will instruct your inspectors accordingly.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, December 6, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 27th ultimo, regarding the collection of Post Office revenue and certain inferences drawn from the examination of the inspectors' reports at your office.

You state that these reports indicate that postmasters in some cases do not attend to the regulation respecting the prompt deposit or remittance of surplus funds; that you are not satisfied that inspectors attend to this regulation as closely as they should in connection with their inspection, and you request that they be given the necessary instructions by this department.

You do not mention any specific case that can be referred to, but dealing with the question in a general way, I may say that inspectors are fully instructed as to how they shall deal with any irregularities they may find in connection with postmasters' accounts and it is seldom that the department has anything to complain of in regard to the manner in which they perform their duties.

You remark that, in many cases, the inspector reports that the regulations are observed, when the figures of the return scarcely bear out that conclusion, but I must say that I am unable to understand how such an inference could be gathered from an examination of the inspection reports alone. The cash accounts and money order lists have to be examined in connection with these reports to show whether or not the postmaster has a right to withhold the amount of cash on hand as shown in the financial statement which forms part of the report.

The present system of accounting and inspection have been carried on for over twenty years with results that have been found most satisfactory inasmuch as the losses arising from such irregularities as you mention are almost nil. The amount collected by accounting postmasters during the last fiscal year was over $75,000,000 and the amount lost to the department owing to the defalcations of these postmasters was only $76.87—about one dollar in a million.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

Re Discount to Stamp Vendors.

AUDIT OFFICE, OTTAWA, September 15, 1910.

SIR,—The general practice seems to be that postmasters outside of city offices dispose of stamps and cards without any additional remuneration or expense to the department.

This practice was not followed at the following offices in the province of Ontario where a discount seems to have been allowed on all the revenue of the office:—

Explanations are requested.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, October 3, 1910.

SIR,—I beg to acknowledge receipt of your letter of 15th instant, requesting an explanation of what you consider a difference in the amount of discount allowed for the sale of stamps in respect of the two groups of offices in Ontario named in your communication.

In reply, I may say that attached to the first group of offices are, with one exception (Brockville) lobby vendors, who sell the bulk of the stamps and receive from one to two per cent commission thereon, according to what is deemed fair compensation for the work, which is expected to take up the whole time of the vendor, so that the discount referred to consists of what is paid (a) to lobby vendors and (b) to the ordinary licensed vendors outside the post office, who are invariably paid a lower rate, viz., one per cent, and are granted licenses in order to meet the convenience of the public.

On the other hand, the discounts set against the second group of offices named in your letter are paid entirely to vendors outside these offices on a basis of one per cent, there being no lobby vendors attached to them—a circumstance which goes to explain the difference in the amount of discount to which you draw attention.

I am, sir, your obedient servant,

The Auditor General. E. H. LASCHINGER, *Asst. D.P.G.*

AUDIT OFFICE, OTTAWA, October 5, 1910.

SIR,—In your letter of October 3, in reply to mine of September 15, you state that at the offices to which I called attention, there are lobby vendors, with the exception of Brockville, to whom a discount is allowed.

You do not explain why these lobby vendors are not paid by the postmasters.

If the postmasters at these offices are paid by commission on their sales, it should cover the whole expense of the office including the sale of stamps and cards.

Clearly they are treated more liberally than those named in my second list, whose sales are quite as large.

Awaiting further reply.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, October 14, 1910.

SIR,—I beg to acknowledge receipt of your letter of 3rd instant with further reference to the payment of lobby vendors at certain post offices referred to in your communication of September 15.

By way of reply, I beg to state that practically all of the offices, not only in the first but also in the second list, are what are known as semi-staff offices, the postmasters and individual members of the staff being paid fixed salaries by the department. Whilst the total amount of salaries thus paid is based upon the revenue of each office, the object of this method of payment is to prevent postmasters from allotting to themselves too large a proportion of the earnings, leaving an insufficient margin wherewith to provide for a competent staff. If in each case a clerk were assigned for duty as lobby vendor, a considerably increased expenditure would be involved inasmuch as in most cases the vendor receives less than even the initial salary of a clerk, and therefore the method adopted of selling stamps by vendors instead of a regular clerk is in the interest of economy.

In view of these explanation you will observe that there is no discrimination in the treatment of postmasters in the two lists which you have submitted.

I am, sir, your obedient servant,

The Auditor General. E. H. LASCHINGER, *Asst. D.P.G.*

Rents of Letter Boxes.

AUDIT OFFICE, OTTAWA, September 6, 1910.

SIR,—I understand that one-half of the rents collected from letter boxes is paid to the postmasters in addition to the salaries to which they are entitled based on the revenue.

In your report there is included under the heading of salary, both the actual salary and the share of letter box rents.

I assume the amount repaid postmasters each year for share of letter box rents is one-half the amount collected the previous year.

I have to ask for a statement covering all post offices with letter boxes, and showing in separate columns the salary, the share of letter box rents and the total.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, September 7, 1910.

SIR,—There is a marked reduction in the amount collected for rent of letter boxes during 1909-10 as compared with the previous year at many post offices, as follows:—

	1908-9.	1909-10.
Belleville	$1,098 38	$ 766 91
Brockville	1,605 29	1,093 69
North Bay	1,136 00	579 90
Pembroke	900 15	679 40
Prescott	890 65	421 63
Windsor	561 68	294 29
Amherst	1,389 90	1,023 30
Pictou	422 00	167 50
Truro	1,009 40	746 65
Yarmouth	936 95	632 08
Dalhousie	83 75	25 00
Moncton	843 88	578 52
St. Stephen	620 29	278 72

How are these reductions accounted for?

At the following offices rent was collected during 1909-10 for the first time: Renfrew, Simcoe, Knowlton, Magog, Trois Rivières, Bridgewater, Glace Bay, Shelburne, Westville, Maple Creek, Saskatoon, Medicine Hat and Ladysmith. I assume there were no letter boxes furnished by the government at these offices previous to 1909-10.

I am, sir, your obedient servant.

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, September 28, 1910.

SIR,—I beg to acknowledge the receipt of your letter of 7th instant with reference to the letter box rent collections of this department for the year 1909-10 as compared with the previous year and in reply have to offer the following explanaitons:—

The decrease in the receipts at Belleville, Brockville, Pembroke, Windsor, Amherst, Truro and Yarmouth was caused by reductions in the rents charged for boxes, due to the adoption of a different scale of rates.

At North Bay, Pictou, Dalhousie and St. Stephen, the boxes were rented for shorter periods during 1909-10 than in 1908-9, so that thereafter the rents would be payable at the beginning of the fiscal year.

The receipts at Prescott for 1908-9 covered a period of eighteen months and they were also affected by a reduction in rates in 1909-10.

Free delivery by letter carrier was established at Moncton during 1908-9, but the full effect of the change was not felt until 1909-10.

Renfrew, Simcoe, Knowlton, Magog, Bridgewater, Glace Bay, Shelburne, Westville, Maple Creek, Saskatoon, Medicine Hat and Ladysmith moved into government buildings and were furnished with letter boxes during 1909-10. Trois Rivières had been accounting for box rents up to June 22, 1908, when the office was destroyed by fire. The temporary quarters occupied until the new building was erected were not supplied with letter boxes.

I am, sir, your obedient servant,

The Auditor General. E. H. LASCHINGER, *Asst. D.P.G.*
